VOLUME XXI—NO. 40

CHARLEROI, WASHINGTON COUNTY, PENNSYLVANIA THURSDAY, JULY 22, 1920

TWO CENTS

SPEERS-COAL CENTER ROAD DISCUSSED BY COMMISSIONERS

**Award of Contract Depends
on New Rights of Way
for Street Railway**

TO BUILD BURGETTSTOWN ROAD

Three features were prominent at the conference held by the Washington county commissioners with State Highway Commissioner Sadler at Harrisburg on Wednesday.

There were, first, that the status of the Speers-Coal Centre road was discussed, when it was stated that advertisements for bids for the construction of this highway depends on plans of the Pittsburgh Railways company for relocation of its lines. Second, the determination of the commissioners to enforce at once the provisions of the automobile law of 1919, which provides certain weights for automobile trucks. The commissioners informed the highway commissioner that county roads are being cut to pieces by trucks carrying loads greater than that specified by law. And third, the decision of the state highway department to award a contract for the construction of the Burgettstown-Hickory highway at a total cost of \$475,646.50.

This latter road will be 34,837 feet long, to be built of concrete on route No. 115 in Mt. Pleasant and Smith townships, in this county. The only bidder for this work was Samuel Gamble of Carnegie, but the bid was held up because no other offer was submitted for the work, and because the department considered it too high.

After a consultation with the county commissioners, Mr. Sadler decided to award the contract and official notification will likely be given the bidder at once. Scarcity of road materials as well as the railroad situation may tend to hold up the work for some time, and it is a question if the contractor will be able to do much during the remainder of the season.

However the important feature of the conference, at least to people in this section of the valley, was the discussion with reference to the Speers-Coal Centre road. The statement of the Highway Commissioner that advertisement for bids for this construction depends on the relocation of the tracks of the Pittsburgh Railways company would indicate that the State is ready to go ahead with the work when the street railway lines are relocated. The matter of right of way appears to be up to the county commissioners, and it looks as if our efforts should be concentrated on the county officials to proceed with this phase of the work at once. It goes without saying that the street railway company is not going to give up its right of way without securing a new road bed and this will have to be delivered before the old one is surrendered. As the state highway department has agreed to build the Burgettstown-Hickory road, there is no reason why the local highway should not be placed under contract just as soon as the proper rights of way have been secured.

ANOTHER ATTEMPT TO ROB DISTILLERY

Anticipating that another attempt would be made Tuesday night to rob the warehouse of the Vandergrift Distillery, Inc. in East Bethlehem township, an appeal for officers to be held in readiness in Washington was made.

Unsuccessful in an effort on Monday night to break into the warehouse and secure a quantity of whiskey, it was reported that another attempt would be made Tuesday night and East Bethlehem officers wanted to be prepared for any emergency. No call was made on the Washington force, however, and if there had been any plans to rob the warehouse they were given up.

Eleven heavily armed men in three automobiles, one bearing a Maryland and two Pennsylvania licenses, are said to have participated in the effort to break into the distillery warehouse, which has been robbed on numerous occasions since the prohibition law went into effect on Monday night.

Their plan was frustrated when they were fired upon by two guards on duty at the distillery after they had forced a rear door. Although forced to admit defeat temporarily, the gang loitered in the vicinity until early morning, hoping that the guards would leave and give them an opportunity to make another attempt. The incident caused considerable excitement in view of the arrest of eight prominent citizens of the township for a former theft said to have taken place in June.

AUTUMN CLASSIC ON LABOR DAY

The Autumn Classic racing card at the Uniontown Speedway on Labor Day, September 6, will be a 225-mile event, practically a repetition of the opening event of June 19. This announcement was made at the offices of the Uniontown Speedway Association on Tuesday evening by Manager A. E. Corns who had just returned from Pittsburgh, where he completed arrangements for lumber, for repair to the track and from Chicago, where he had contracted for other materials and conferred regarding entries for the big autumn event.

Approximately 40,000 will be expected in improving the track work of stripping the same having gotten under way last week. Lumber shipments have been arranged for at the rate of a carload daily until the entire shipment is completed. Negotiations have been started with Lloyds for the placing of a \$40,000 insurance policy against inclement weather. Weather statistics for Labor Day for the past ten years have been forwarded to the New York office of Lloyds and these will be probably forwarded to London, when the details of the insurance policy will be completed. Reports from various automobile centers indicate that the list of entries will be even larger than the June 19 race. The purse will aggregate \$30,000.

A NEW STEAMER ADDED TO LIST

Another new towing steamer, the Clairton of the Carnegie Steel company, made her appearance at the upper Monongahela today, having been put into commission this week. One of the first acts performed by the new boat was to pump out the steel barge which stuck above the approach to Lock 3 a few days ago. The coal had been removed from the barge and after being pumped out was taken to the marine ways at Coal Valley for repairs.

The Clairton is the last of the four stern-wheel all steel towboats which were designed and constructed by the Carnegie Steel company, the hull being fabricated on the ways of the American Bridge company at Ambridge. They are known as the most powerful towboats on inland rivers and are capable of handling the heaviest tows from the upper pool. The Clairton is built along the same lines as the Edgar Thomson, which made her maiden trip last fall. The H. D. Williams and the William Whigham, the machinery on all four boats being interchangeable. At present the Clairton is operating with a single crew in command of Capt. D. F. Crawford.

SOLDIER'S BODY IS HOME FROM FRANCE

The remains of Mahlon McCune, of R. D. 1, Paislytown, who was killed in action in France, arrived at Brownsville on Wednesday. It is the first soldier body from this section to be brought home from the battlefields. Private McCune served in the 51st Infantry. The body will be interred at Beallsville on Sunday with appropriate ceremonies.

Health Officers Statement Daily Mail:

A word of explanation relating to the Dawson quarantine case. The card from the attending physician bears two dates, as the law requires: date of onset July 9th, and the date on which the card was written is July 11th.

The date on which the quarantine was broken by taking the child out of town was July 11th. The minimum quarantine period ordered by the state for Measles is sixteen days, thus it is easily seen that not even fourteen days had elapsed according to the information given in the hands. I hope that this explanation may clear the matter in the eyes of the public who is ever quick to see the merits in any case brought before them.

Health Officer, W. M. Darby.

RECORD PRICES FOR COAL AND COKE

In Uniontown on Monday sales of coal in the open market were made there at 12.50 per ton, with coke at 21. These are record prices for both fuels.

I will collect that rent, positively in advance and guarantee no vacancies. Clyde B. Cope, Real Estate and Insurance, 315 McKean avenue. 21-47

ILLICIT LIQUOR HANDLERS MAY BE IN FOR BAD SEASON

GRANTED LICENSE FOR MASTER AND PILOT

Willis Paxton of North Charleroi, has been licensed by the United States Inspectors as a master and pilot, and has shipped on the steamer Jim Brown, of the Pittsburgh Coal company, to steer a watch. Joseph Cocain of Webster, a former president of North Charleroi, and who has been a licensed mate for the past twenty years, has also been licensed as a master and pilot and shipped on the steamer B. F. Jones of the Vesta Coal company line.

BRINGS SUIT TO CANCEL A LEASE

A bill in equity has been filed in the Washington county court by Andrew McDonald of Nottingham township, against E. Myers and the Carnegie Natural Gas company, to restrain the defendants, pending this suit, from selling or assigning a certain oil and gas lease to any other person than the plaintiff. It is also asked that the defendants be required to deliver up the lease to the plaintiff for cancellation.

The lease in question covers 53 acres in said township. It was given on February 18, 1910, by Isaac P. McDonald, then the owner of the 75 acres, to E. Myers, whom it is alleged, still appears of record as owner of this lease. It is alleged there is no assignment of record of the same to the Carnegie Natural Gas company. However, the gas company, which claims to be the owner of the lease, has from time to time paid the rentals. It is now averred that the lease is null and void having run for ten years, and in that time no oil and gas having been found in paying quantities.

CHURCH SOCIETIES ENJOY FINE PICNICS

Two reorganizations of the Washington Avenue Presbyterian church have recently held their annual picnics. "The King's Messengers" under the direction of Miss Elizabeth Elliott, went out in the Twilight neighborhood and reported a fine time the time being spent in contests and games. Wednesday the Junior Christian Endeavor society went out to Oakland Park in care of Mrs. G. M. Stewart and Miss Sophia Michener. The young people came home last evening with many thrilling stories of their exploits, among which was an extended peanut hunt, and the whole group was taken in a picture just before leaving for home.

Born—To Mr. and Mrs. Clarke Hess, July 20, a daughter, Jeanne Beverly.

WANTED—Will pay five cents per copy for the first five copies of the noo and facial massage. Make ap- pointment for June 16. Inquire at Mail office. 38-44

Say Federal Officers Have Been Gathering Evidence In This Vicinity

LATE SALES REPORTED SCARCE

Wholesale evidence against practically every person and institution selling liquor in towns in this section of the Monongahela valley is believed to have been gathered in the past few weeks by federal agents working in this district, ready for a grand clean-up at some time in the near future after all of the wires have been laid for those handlers of illicit liquors who have been going ahead under the belief that they "stand in" with the authorities.

Among those in touch with the U. S. in liquor the statement is heard that agents responsible for prosecution are being "bribed" and that big money is being paid out for "protection." Not only is this disbelieved by the authorities, but it is further believed that many of those who think they are "protected" are walking straight into one of the biggest traps ever laid by government agents to catch offenders against the law.

It is said that thousands of dollars worth of liquors have changed hands in this district within the last few weeks. It is further reported that hotel barrooms have been selling beer that had the old-fashioned tang to it, while the hard stuff was available to those who were on the "inside."

Rumor also connects leading citizens with the traffic in some of the communities, and it is said they are cleaning up small fortunes in the transactions. Moreover it is reported that "moonshine" and raisin whiskey has not been very popular of late for the reason that there has been too much of the genuine stuff being retailed.

The action of Federal agents in cleaning up Homestead has had its effect on this section of the valley, however, and it is said that it is more difficult than ever to get a "nip" because dispensers have to be absolutely certain as to who makes the purchase. If reports are true, it is a case of where, if you are known to be o. k. you can be accommodated—if you are a stranger you go dry.

CHILDREN RETURN TO ODD FELLOWS' HOME

Eleven children, inmates of the Odd Fellows Home at Ben Aron, were returned to the home today, after spending a two weeks vacation with families of the fraternity members in Charleroi. Mrs. J. M. Fleming, Mrs. Robert Craig, Mrs. Dittman and Mrs. Alfred Widman accompanied the children home.

Bell Phone 9087, California. Mrs. F. F. Lindberg, manicuring, shampoo and facial massage. Make ap- pointment for June 16. Inquire at Mail office. 38-44

AT THE MOVIES

Out of every three persons in the United States one goes to a motion picture show every week or 32 times a year. Put it another way, the average weekly attendance at the movie theatres of the country is now 35,000,000.

As this cannot include babies and old people too feeble to indulge in the pleasure, people in the mountains and on farms who have small opportunity, people in hospitals, asylums and jails, it will be seen what a hold this form of amusement has on the public.

These figures were gathered by the New York Association of Motion Picture Advertisers direct from the theatres of the country, and may be relied upon as authentic. Further analysis by the association showed that the weight leaned heavily on the feminine side. American women are evidently movie fans.

These figures led the management of a leading California studio to seek further for comparisons, setting off the motion picture against the national game of base ball. This was done with the co-operation of scores of sporting officials and sporting editors. It was discovered that in the major league cities the average daily attendance at baseball games is about 200,000 whereas in the picture theatres of the same cities the average daily attendance is 1,27,000. In other words, the national game has only 8 per cent of the number of devotees of the national indoor amusement.

And this led the studio people to investigate the amount of space given to the two interests. It was found that the news papers in these cities devoted from two to ten times as much space to baseball as to theatres. Sports, it is argued by the same authority, are periodic in their patronage according to the seasons in which they flourish, while motion pictures are patronized the year round.

LABOR CONDITIONS

Reports from the east indicate that some of the larger industrial concerns are laying off a large number of men due, to a lessening of orders. The Pennsylvania Railroad also announces that 10 per cent of its eastern force, numbering approximately about 12,000 men, will be dispensed with, an indication that their services in that section are no longer needed. However, the railroad company says it will endeavor to find paces for these employees in other divisions, where the labor shortage has been quite acute, and in this way it may be possible to absorb all the labor that is being let go in the east.

In Lawrence, Mass., the American Woolen Mills have been closed down, throwing thousands of men out of employment and steps are now taken to provide these former employees with something to do. The woolen mills company says its plant shut down because of lack of orders, this latter fact being caused by a cancellation of orders given by retail clothing houses. While industries in this section are running at full tide, it appears that conditions in the east are far from satisfactory and that thousands of people are out of employment. They cannot remain in idleness very long, for the high cost of living is a continuous spur to profitable activity, for expenses must be met. At the present time it might be advisable for all those inclined to try off work to look before they leap.

Railroad men are now considering a wage award made by the Railroad Board and made public on January 21. The award granted averaged 2 1/2 per cent over present wages and includes every department and employee in railroad service. There is some opposition to the award, but it is expected it will add to the railroads' pay. The award will get this money from the people in the way of increased freight and passenger rates. It does not seem to be such a bad award.

Remember your dead. W. S. Cook and Co. Monuments with Lawrence, Frye Funeral Director. 208 1/2

Economical Soul.

There was considerable fling to be done in our office and a much was used to restore evenness. There was quite a lot of "confetti" scattered about at times and one bird seemed to pick this up and make it home from where he would carry it to the Mail. Gras carried an empty himself, "Confetti" at the end of it and at about 1 cent a bagful then—L. E. Flint.

Three-Part Memorandum Pad.

Small sheets bearing old or worthless notes, can be removed from a new type of memorandum pad designed for business men's desks, without damaging those still possessing value, according to an article in Popular Mechanics Magazine. The block of paper is divided into three parts by transverse cuts and perforated near the left-hand side.

Not Up to Scratch.

"I have been knocked down twice by the same bus, but fortunately have sustained no serious injury," stated a plaintiff at a London police court the other day. The bus in question we understand, will be given one more try, and in the event of failure will be debarred from all further contests of the same nature.—Punch.

Melba's Rebuke.

Melba was glad when Chester came over to play with her, but was surprised when she saw he was all dressed up in his best clothes, and after looking him over from head to foot, she asked severely, "Why, Chester, for why you wear your Sunday clothes on week days?"

'Tis the Truth That Hurts

Irish Subscribers—"Confident you stupid editors! Here at the wedding yesterday, instead of making me say I felt sure the bridegroom had many years of uninterrupted bliss before him, you report it many years of interrupted bliss!"—Passing Show (London).

Keep Boot Buttons On.

Take a common shoe lace, make a hole in the tip of the boot large enough to take the eye of each button. Then pass the shoe lace, which should be new and strong, through the eyes of the buttons, fastening it at each end with as flat a knot as possible.

There is an old belief among the superstitious that a favor asked of any person on the fourteenth day of the month will be granted. The Chinese begin nothing on the seventh day of the month because it is supposed to be unlucky.

In Other Words, Concentrate.

The great secret of both health and successful industry is the absolute yielding up of one's consciousness to the business and diversion of the hour—never permitting one to infringe in the least upon the other.—Stimond.

Manganese in Australia.

Manganese ore has been found in Australia upon the western fringe of the saline basin, known as Burnet's Inland, situated about four miles north-east of Woodville.

Walking on Springs.

Heels made chiefly of coiled springs covered with flexible leather are a Kansas inventor's footwear novelty.

Nation of Snuff Takers.

The greatest snuff-taking country in the world is France, though it shows a decline in the habit.

United States Trees.

More than five hundred varieties of trees grow in the United States.

SALIENT POINTS OF SENATOR HARDING'S SPEECH OF ACCEPTANCE

"I pledge fidelity to our country and to God, and accept the nomination of the Republican party for the presidency of the United States."
"The human element comes first and I want the employers in industry to understand the aspirations, the convictions, the yearnings of millions of Americans who wage a struggle."
"The Constitution contemplates no class and recognizes no group. It broadly includes all the people, with specific recognition for none."
"We approve collective bargaining."
"Gross expansion of currency and credits has depreciated the dollar. We will attempt intelligent and courageous deflation."
"When competition—natural, fair, impelling competition—is suppressed, whether by law, compact or conspiracy, we halt the march of progress, silence the voice of aspiration and paralyze the will for achievement."
"I promise you formal and effective peace so quickly as a Republican Congress can pass its declaration of a Republican executive to be."
"I can hear the call of conscience an instant voice for largely reduced armaments throughout the world."
"Our vision looks more than a chief executive. We believe in a cabinet of highest capacity, equal to the responsibilities which our system contemplates, in whose councils the vice-president, second official of the Republic, shall be asked to participate."

THIS WILL ASTONISH CHARLEROI PEOPLE

The quick action of simple witch-hazel, camphor, hydrastis, etc., as mixed in Lavoptik eye wash, will surprise Charleroi people. One girl with weak, strained eyes was helped by a single application. Her mother could hardly sew or read because of eye pains. In one week she too was benefited. We guarantee a small bottle of Lavoptik to help ANY CASE weak, strained or inflamed eyes. Aluminum eye cup FREE. Hennings Drug Store, corner 5th and McKean avenue.

How Many Women Are Like This?

Can anything be more wearing for women than the ceaseless round of household duties? Oh! the monotony of it all—work and drudge; no time to be sick; tired, ailing, yet cannot stop. There comes a time when something "snaps" and they find themselves "simply worn out," and to make matters worse, have contracted serious feminine disorder which almost always follows the constant overtaxing of a woman's strength.

Then they should remember that there is no remedy like Lydia E. Pinkham's Vegetable Compound—the experience of these two women establishes that fact:

Cedar Rapids, Ia.—"After the birth of my last child I had such painful spells that would unfit me entirely for my household. I suffered for months and the doctor said that my trouble was organic ulcers and I would have to have an operation. That was an awful thing to me, with a young baby and four other children, so one day I thought of Lydia E. Pinkham's Vegetable Compound and how it had helped me years before and I decided to try it again. I took five bottles of Vegetable Compound and used Lydia E. Pinkham's Sanative Wash and since then I have been a well woman, able to take care of my house and family without any trouble or a day's pain. I am ready and thankful to swear by your medicine any time. I am forty-four years old and have not had a day's illness of any kind for three years."
—Mrs. H. Koenig, 617 Ellis Blvd., Cedar Rapids, Iowa.

Sandusky, Ohio.—"After the birth of my baby I had organic trouble. My doctor said it was caused by too heavy lifting and I would have to have an operation. I would not consent to an operation and let it go for over a year, having my sister do my work for me as I was not able to walk. One day my aunt came to see me and told me about your medicine—said it cured her of the same thing. I took Lydia E. Pinkham's Vegetable Compound and used Lydia E. Pinkham's Sanative Wash and I have cured me. Now I do my own household, washing and ironing and sewing for my family and also do sewing for other people. I still take a bottle of Vegetable Compound every spring for a tonic. I recommend your medicine to others who have troubles similar to mine and you can use my letter if you wish."
—Mrs. F. P. Patten, R.R. 1325 Stone St., Sandusky, Ohio.

"RELICS" PLAY A GREAT BALL GAME

Baseball relics of the ancient period constituted the two opposing teams that put up a vicious contest for supremacy on the Beechwood grounds Tuesday evening.

Ben Hughes of the Pittsburg Steel Products Company, raked among the members and found enough to, numer-

ically at least, comprise a ball team, while Jim Collins of Speers, scouted around and dug up an aggregation, equally as bad, if not worse.

Hughes and Collins were the opposing pitchers, both in the pink of condition, being able to pitch the ball all the way to the home plate for at least two innings. After that the Eatsman had to walk out to meet it.

Culler, of the Products, was at the receiving end of Hughes' vicious onslaughts and at this writing he is reported as convalescent. "Brigham" Bickerton, who caught for Speers, ac-

cepted all chances—which isn't saying much.

The score at dark registered 15 to 8 in favor of Speers, but for the four innings that Hughes and Collins twirled it stood 8 to 4 for Hughes.

This is the first of a series of five games to be played if the summer is long enough, and the pitching staff is able to go to the ball grounds without the aid of crutches.

Building.
Our lives are like buildings going up, and every one who comes to us, whether for a prolonged stay or only for a few moments, puts something into the walls or into the adornment. Our friends, if they are worthy, exert a measureless influence over us.

What Is Man?
Break the shells of 1,000 eggs into a huge pan or basin, and you have the contents to make a man from his toenails to the most delicate tissues of his brain. And this is the scientific answer to the question "What is man?"

Why Called "House Leek."
The leek, it is said, is called house leek because it was formerly common in the north of England to plant the house leek on the roofs of cottages as it was supposed that the leeks were protection against thunder and lightning.

Birth of Republican Party.
In 1854, on the 6th of July, the present Republican party was founded and organized. It adopted an anti-slavery platform. The first national convention was held two years later, John Fremont was nominated for president.

Measured Human Vibrations.
Utilizing a goniometer, a French scientist has invented apparatus for measuring vibrations of human bones and tissues, with which, among other things, he reads a person's pulse more accurately than by hand.

Qualities of True Beauty.
Who has not experienced how, on nearer acquaintance, plainness becomes beautified and beauty loses its charm, according to the quality of the heart and mind?

Pocket Thief Alarm.
A thief alarm invented in Europe is small enough to be carried in a vest pocket and explodes a cartridge when any object under which it is laid is moved.

Money Not Everything.
Tryin' to figure everything out on a dollar an' cents basis is a dangerous business, because there's thousands of things worth more'n money.—Exchange.

Daily Thought.
What a man thinks in his spirit in the world, that he does after his departure from the world when he becomes a spirit.—Swedenborg.

Another Mystery.
One of the strangest things in this world is how many tears a baby can shed and still keep its face dirty.—Galveston News.

WEDNESDAY WAS AN ANNIVERSARY

Ten years ago on the 21st day of July Belle Vernon and surrounding communities were celebrating the making free of the river bridge at that place.

Those who have been selling Jamaica ginger will likely sit up and take notice after reading what happened to those dispensers who faced Judge Melvaine at court on Monday. According to the interpretation of the Washington county court sell Jamaica ginger for beverage purposes is a violation of the Brooks law, and it will be so treated.

George Eason has returned from a visit with friends and relatives in Columbus, Wis., and Paxton, Ill.

Doctors Recommend

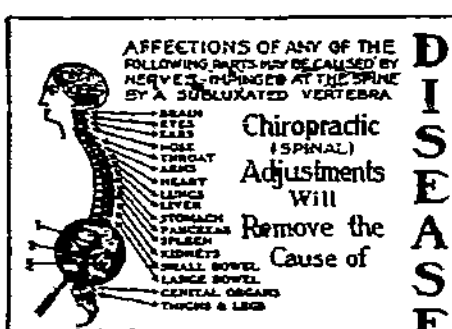

ALL disagreeable taste eliminated. Children take it without knowing it is castor oil. No flavoring—absolutely tasteless. 100% pure.

Laboratory Bottled Three sizes, 15c, 35c, 65c

All Good Druggists

William Allen White says the country is "shell shocked." Shocked by the shell-games that have been worked on them by the publicists who talk about "idealism" and "vision" and the like while putting things over on the people.

Rheumatism Not Incurable

Doctors Tell of Method Necessary to Obtain Relief

The hundreds of sufferers from rheumatism in this city will welcome the statement of Doctor Reese, that rheumatism is not incurable. In a statement Doctor Reese gives a few side lights on the cause of this disorder and its best method of treatment. "Rheumatism," he said, "is due primarily to pus pockets forming in the body usually caused in the beginning by bad teeth or infected tonsils. To get relief, one must remove from the blood and system the poisons thus distributed. The quickest and best method of doing this is to take REESE FORMULA R-11 three times a day. "Formula R-11 works directly on the stomach, liver and kidneys, removes all the poisons from these organs, purifies the blood and builds up the system generally. In this manner it removes all traces of rheumatism. The relief so obtained can be guaranteed more positively if the patient will have the teeth attended to immediately." The Reese Formula R-11 being a general tonic and system builder relieves indigestion, rheumatism, lumbago, sleeplessness, urinary trouble, in fact all ailments due to the disorder of the stomach, liver and kidneys too numerous to mention. If you wish further information, write direct to our Medical Adviser, Medical Department, The Reese Formula Co., Huntington, W. Va. Get a bottle from your druggist or from HENNINGS DRUG STORE

That Stuffy Feeling

that you experience after meals is quickly relieved by Dill's Digesters. Dill's Digesters are the boon companion of persons who suffer from indigestion, heartburn, flatulence, sour stomach, or other itching skin diseases. Carry the handy vest-pocket bottle with you at all times. At all drug stores.

DILL'S Digesters

ITCH!

Money back without question if HUNT'S Salve fails to cure ITCH, ECZEMA, RINGWORM, TETTER or other itching skin diseases. Try a 75 cent box at our risk. PIPER'S PHARMACY.

CHICHESTER'S PILLS

THE DIAMOND BRAND. Labeled "Let Your Druggist Show You How to Take Chichester's Diamond Brand Pills." Chichester's Diamond Brand Pills are made with pure RIBBON. Take one after every meal. Try a box of CHICHESTER'S DIAMOND BRAND PILLS for 25 cents. Sold by Druggists Everywhere.

It is true that some half dozen political organizations, dissatisfied with the existing parties have tried to form a new one and launch a new party, but the chances are that when they get the thing assembled the members will be more dissatisfied with that party than they were with the old ones.

It's all right to jab all the little politicians who get away with a few cents, but the government should be very careful not to get too close to the fellows who gather in millions.

VACATION-TIME

as we all know but sometimes fail to provide against, is "rush season" for the robber. You can guarantee that should he favor your home with a call it will be a most discouraging and unprofitable one. In the massive vault of this institution, absolute safety for valuables is afforded. The cost of a box is nominal, the peace of mind resulting too great to be ignored. Visit the bank and inspect our equipment. **BANK OF CHARLEROI** Charleroi, Pennsylvania
